Sir:

A telephonic interview was conducted on September 26, 2007, in which Applicant's representative Wei-Chen Nicholas Chen, Examiner Tuan To and Examiner Jack Keith attended.

During this interview, a response filed on July 19, 2007, and differences between claim 1 and Ohtsuji (U.S. Publication No. 2002/015670) were discussed. An agreement was reached that the claims presented in the Response would overcome the anticipation rejection based on Ohtsuji.

However, Examiner To cautioned that he had found an additional document, U.S. Patent No. 6,351,706 (attached), and is prepared to reject the claims based on a combination of Ohtsuji and the

new art. Examiner To advised that a new action will arrive shortly and encouraged Applicant to address any issue raised by the new office action upon receipt of the new office action.

Respectfully submitted,
